divide and conquer is a study in rightly dividing the word of truth ii timothy 2 15 the study demonstrates the diametric opposition between the law program that the nation of israel entered into with god and god s response to her generations of rebellion to the benefit of all mankind who choose surrendering faith over their own works of righteousness for salvation there is only futility and confusion that believers suffer from when they try to apply the program and promises from a different people to their lives what an unfortunate blow to one s faith it is to feel as though god is not answering their prayers to feel like they cannot understand the bible and to feel like something is wrong with them but most damaging is that the love they may have had for the holy scriptures at one time diminishes as they struggle from a weak understanding god himself fully intends that the excellency of his power work in our inner man through the right understanding of his word

for too long grace has been misunderstood underestimated or confined to the periphery of religious thought across many traditions often viewed as passive a divine kindness mercy at the time of our judgement the unmerited gift of salvation or something that compensates when we fall short after all we can do but what if i told you that grace is not just the backup plan when we fall short but the very power that enables us to move forward in the first place what if grace was the unseen force behind our discipleship the divine energy driving our spiritual growth the grand conductor of opportunities in our life and the power behind every covenant we make and keep what if grace was never supposed to act as a mere footnote to the gospel but as the very foundation on which it stands the power that unites all aspects of god s eternal plan what if we ve been walking past a treasure hidden in plain sight not because it s rare but because it s everywhere through deeply personal real life experiences this book uncovers grace woven into every step of my journey not just in moments of salvation but in warning endurance revelation and transformation becoming more like christ i share these stories not merely to inspire but to awaken something deep within you to help you see that grace has been quietly and abundantly present in your life all along shaping your journey in ways you may not have yet recognized these aren t just my stories they re yours too grace revealed will challenge everything you thought you knew about grace shifting it from a vague peripheral concept to the very center of the gospel of jesus christ grace is not a soft word it is a seismic word powerful disruptive and foundational once you rediscover grace you will never see god the gospel of jesus christ or yourself the same way again grace is hastening the work

god's grace revealed

one of the greatest hindrances within the church is that christians don't believe what god has declared that those who are in christ have been freed from both sin and the law that condemned sin scriptures teach that through one man adam sin came into the world and through that offense mankind came under bondage to sin yet the bible then explains that the grace that came through christ much more abounded over the sin that came through adam and that

jesus appeared to put away sin by the sacrifice of himself god declared that his grace much more abounded over sin but the church believes that sin abounds over the grace that came through christ we have been taught to believe that our sin can defeat the work of christ instead of being taught that as we learn to walk in grace by faith sin cannot stand people resist what has been called hypergrace because they fear sin when the bible teaches that sin cannot have dominion over those who walk by faith god has revealed grace so we can understand that there is no barrier between us and perfect fellowship with god the old testament believers were forbidden to come into god s presence but once christ conquered sin the veil that stood between us and god s holiness was torn from heaven s side down to man now we are commanded to come confidently before god without fear because jesus made an end of sin until you understand grace and how it is the defeat of sin you will never grow beyond superficial christianity my prayer is that this book will be a tool to guide you into faith in his grace
